Valid proof documents are:

- **Unvaccinated persons** show a negative test result
  - A negative PCR test, max. 48 hours old
  - A for this day valid negative rapid antigen test, certified by trained personnel (pharmacies, test centres), max. 24 hours old
  - A **for this day valid confirmation** from the employer that the posted employee has performed a negative rapid antigen test under supervision before starting work, max. 24 hours old
